Dear Sir,

Sub:- Community Project--South Canara--Supply of additional jeeps--Regarding.

Ref:- 1) Govt. Memo No. 361 Dl. VI/54-1, Dt. 10-9-1954.
2) Govt. Memo No. 521 Fnb. Dl. V/54-3, Dt. 14-12-54.
3) Govt. Memo No.3233 S.D. Dl. VI/54-1, Dt 26-11-54.

--

With reference to the Government memos cited, I submit that this is the best season in this Community Project area for executing and achieving good progress under different spheres of work especially the works under communications. As a special Divisional Engineer has already been appointed for the Community Project and National Extension Service works in this District, most of the bridge works proposed to be taken up can be completed during this season, but for the handicap for want of adequate conveyance facilities particularly for the engineering staff. To add to the inconvenience already existing, by the sharing of the jeeps between Asst. Engineers and Asst. Project Officers who are having the jeeps for only 15 days in a month, the Divisional Engineer (S.P.) is deprived of the jeep for ten days in a month. The work spots lie away from bus routes and without a jeep, they cannot be easily reached. A large No. of works are being started at nooks and corners and quick movement from one place to another is the very essence of no progress. The Asst. Engineers are yearning for a jeep being placed exclusively at the disposal of each of them throughout the month. The cinema unit has also to go round with the trailor attached to one of the jeeps.

Under these circumstances, it will be most unfortunate to lose the best season for achieving good progress in this area due to the lack of adequate conveyance facilities. I have been sparing my jeep for the Asst. Engineers and Asst. Engineers whenever possible. In spite of all such adjustments, the Asst. Project Officers, Asst. Engineers and the Chief Social Education Agents are finding it quite difficult to carry on their work properly in the absence of touring facilities.

As it is not known when the new jeeps sanctioned will arrive and the present time is precious, I request that 2 jeeps may from any of the other departments in the state may kindly be procured and placed at the disposal of the Community Project in this district for a period of at least 4 months that is to say upto end of May 1955 or till the jeeps already indented for arrive, whichever is earlier. I am making this special request as the progress of expenditure depends mainly on the amount that will be spent during the current working season and the absence of jeeps is bound to put hold up the programs to a great extent.

This may kindly be treated as very urgent and orders issued early.

Yours Sincerely,

H Narasimha

(H. Narasimha)
Project Executive Officer.

Please see the reference from the ~~Govt.~~ PEO, Mangalore in the cf. He has stated that much ~~expn~~ inconveniences ~~are~~ is being felt by him for want of adequate conveyance facilities. He has also stated that this is the best season in that area for achieving good progress under different spheres of work especially the works under 'communications'. He has therefore requested that 2 jeeps from any other depts. may be procured ~~at~~ and placed at his disposal for a period of atleast 4 months till the two addl. jeeps intended for supply to his project are supplied to him.

It is submitted that this PEO, has already requested permission for the purchase of ~~one~~ ~~for~~ ~~other~~ a second hand Land Rover which was offered for sale by the District Board, S. Kanara. But in view of the fact that the CPA may not agree to acquiring old jeeps, this was not accepted. He has now

2/

~~requested~~ requested that two jeeps ~~for~~
other depts may be got and placed at
his disposal temporarily for achieving
good progress. It is submitted that in
no other depts except C.S. depts, jeeps are
~~are~~ available for transfer to the Com.
Projects. Even in C.S. depts, all surplus
jeeps available with them have already
been allotted to several other officers.
Therefore it does not seem possible to
obtain any jeeps from the C.S. depts.
or from any other depts. ~~So the circumstances~~,
~~there seems to be no other alternative to~~
~~supply jeeps to the Coir Co immediately~~. In another
file wherein the proposal of the Collr. of S. Kanara
to supply a jeep for the Spl. Divl. Engr. (CP) was
examined, it was decided to inform the
Collr that between himself and the PEO
some working arrangement has to be
made for the use of the available jeeps
among several officers, until some
jeeps are actually supplied. It is
therefore for orders whether the PEO
may also be informed accordingly.
